User Experience and Customer Centered Design Certificate

SKILLS

Javascript(ES5,ES6), React, Node, CSS3, HTML5, BootStrap4, Flex Box, Grid, Express, UX/UI Design, APIs
TOOLS: VS Code, Npm, Git/Github, Github Desktop, Chrome Dev Tools, Command Line, Adobe XD, Figma, Babel

PROJECTS

Quote Generator

Quote generator app pulling quotes from API. App uses Async fetch request to pull from random quote API. Implemented Twitter function which pre-populates quote and author for user to share on Twitter. HTML5/CSS3/Javascript

Joke Teller

Joke Teller app which pulls a random joke from an API, then provides joke response to Text-to-Speech API when fetch is complete. Mobile responsive page. HTML/CSS3/Javascript

Infinite Gallery

Gallery app which pulls pictures from the Unsplash API. Provides a near seamless experience for users as network requests pulls images before the user reaches the bottom of the page. Mobile responsive page with media queries. HTML/CSS3/Javascript
